Clip **G-FORCE** in the house!

Announcer From acclaimed producer Jerry Bruckheimer and Walt Disney Pictures comes **G-FORCE** – a high-octane comedy thrill ride in 3D about a covert government program to train animals to work in espionage

Bruckheimer **G-FORCE** is this elite team that works for the FBI.

Announcer They're actually a group of guinea pigs armed with the latest high-tech spy equipment in this computer generated animation extravaganza which also features live cast members.

Bruckheimer What we have is a scientist played by Zach Galifiankakis, who has trained guinea pigs to get into places that humans can't.

Clip Many people don't know that since the civil war, animals have been used to gather strategic intelligence. He's a rodent. Guinea pig sir. Don't say that, they get highly offended.

Announcer And yes they can speak thanks to an amazing break-through in tiny headset technology.

Clip It's a language decoder, it enables animals to talk to humans. You talk to animals. Actually talking to animals is the easy part, getting them to talk back, that's the hard part.

Announcer Jerry Bruckheimer

Bruckheimer These wonderful characters are going to charm you and excite you and go through wonderful action just like one of our big action movies.
